

Help grow your campus' research community **BECOME A WISYS AMBASSADOR**

The WiSys Ambassador Program aims to enhance the vital connection between WiSys and the research community on UW System campuses.

Students will augment WiSys' outreach mission through marketing and networking efforts.

Ambassadors will enhance the understanding and awareness of WiSys' role across campuses, increasing engagement with academics and students undertaking innovative research.

- Receive training in Intellectual Property and the technology transfer process
- Engage with faculty, staff and student innovators across campus
- Organize seminars, host inter-departmental mixers and serve as an important on-campus resource
- Part time (5-10 hours/month) paid position
